

Euna Budget

How Greater Saskatoon Catholic Schools Transformed its Budget to Help Student Meet Their Full Potential.

About Greater Saskatoon Catholic Schools

Located in the province of Saskatchewan, Greater Saskatoon Catholic Schools is a welcoming community that nurtures faith, encourages excellence in learning and inspires students to serve others, making the world a better place. With 43 elementary schools and seven high schools, Greater Saskatoon Catholic Schools believes a high-quality curriculum and instruction will help students reach their full potential.

Challenges

- Excel spreadsheets broke as soon as the budget team added a new line item or school.
- The budget team had to manually transfer new information to the budget
- The spreadsheet was constantly needing fixed because of revisions and errors

Approach

- Implemented the Operating and Personnel modules
- A system of checks and balances to ensure accurate budgeting
- Ability to create different reports to check that accounts match grant totals
- Shared ownership of the process amongst different managers

Outcome

By partnering with Euna Budget, Greater Saskatoon Catholic Schools is transforming its budget to meet its strategic mandate of helping students meet their full potential. Some of the results they've seen are:

Discontinued Excel sheets

have eliminated the tedious, error-prone processes

Budget info shared

with both financial and non-financial staff easily

Cost modeling

is intuitive and flexible within the system

Forecasting

is better prepared

"I'd definitely recommend Euna Budget. It's a really good product with a good team. Working with Euna Budget feels different from other software companies because they want to hear what customers need and build it into the product... It's for the greater good. It's been a refreshing experience to work with a software company like that."
